

NU-AK310 / NU-AK300

NU-AK Series

310 W / 300 W

The High Performer

Powerful product features

Guaranteed positive power tolerance (0/+5%)

Monocrystalline silicon photovoltaic modules

Robust product design
PID resistance test passed
Salt mist test passed (IEC61701)

Tested and certified
TÜV, IEC/EN61215, IEC/EN61730

Safety class II / CE
Application class A

Fire rating class C

PERC Technology
High module efficiency 19.1%

Portrait or landscape mounting

5 busbar technology
Improved reliability
Higher efficiency
Reduced series resistance

Your solar partner for life

60 years of solar expertise

Linear power output guarantee

Product guarantee

50 million PV modules installed

Local support team in Europe

Top PV brand award

Energy Solutions

SHARP
Be Original.
